

# META LAND

The image features a digital, futuristic landscape. The terrain is composed of a grid of lines, with some areas highlighted in a bright yellow-orange glow, suggesting a digital or data-based environment. The background is a dark, deep blue with a large, glowing circular shape that resembles a stylized sun or moon. The title "META LAND" is rendered in a bold, metallic, 3D font with a copper or bronze finish, positioned centrally across the image. The bottom edge of the image is decorated with a white, torn paper-like border.

# The Vision..

These days People are spending more time in virtual worlds, for both recreation and work. This occurs predominantly in 2D interfaces such as the web and mobile phones. However, a traversable 3D world adds an immersive component, enabling physical clusters of communities, being able to visit one another community; add to this the ability to create unique items within your virtual world, and the possibilities are endless.

---

**Our Token Meta Land is a new token on the Binance Smart Chain to be built around a series of NFTs and new virtual land to explore.**

**In your new territory, you will be free to own virtual lands, collect and build items to use in-game, and trade them with other players. Inspired by games such as Decentraland and Alice, Meta Land will allow users to claim ownership over Non Fungible Assets, and create or acquire other, in-game assets.**

**The team has been working relentlessly to create the foundations for an in world economy and this adoption falls perfectly in place with the maturation of cryptocurrency, as a global and instant payment method, while also creating many possibilities to produce amazing income and generational wealth for your family.**
